

By choosing a stairlift from us, we guarantee.....

Free Home Survey

Quality Preparation and Installation

Our engineers carry out meticulous preparation and quality assurance before installation. We follow and adhere to the latest manufacturing guidelines and British safety standards. Installations cause no disruption to your home and are carried out with care and attention.

Express Delivery

We know how important it is that when purchasing a stairlift you get it as soon as possible. We can offer fast delivery on both straight and curved stairlifts. Next day installation is also available on selected models.

Warranty As Standard

Our warranty as standard is fully comprehensive and covers your stairlift from the day of installation. It covers call outs, labour and parts. We also offer extended warranties for added peace of mind.

After Sales Support with 24 Hour Response Service

Once your stairlift has been installed, our Customer After Sales Team are only a phone call away. They are on hand if you require any assistance with your stairlift. If your stairlift requires maintenance attention for example, we will send out a stairlift engineer within 24 hours.

To Book a **FREE** no obligation staircase survey, please call us on **0800 5879505**

Our home surveys are carried out by our professional and friendly surveyors – we will never send a sales person to your home.

What our customers say....

" My life is so much easier now - no more struggling up the stairs! Your technical experts arrived the day after I ordered, and carried out a superb, smooth job. What a brilliant service! " **Mr T Bates, York, North Yorkshire**

" Super service overall. Came to measure my staircase at the start of the week and was installed by Thursday. Could not ask for a better service. Thank you. " **Mr S Grant, Leeds, West Yorkshire**

"I would have no hesitation recommending Unicorn Stairlifts to anyone because of the quality of the product and the quality of the service. "

Peter Beagrie, TV pundit & former footballer

Our selection of stairlifts are:

Adaptable: We can adapt each stairlift with features to suit various requirements and needs. They are also versatile enough to be installed on a number of different staircases including narrow, steep and ones with multiple bends.

User friendly: As standard, our selection come fitted with a number of easy to use controls and features that make operating the stairlift as simple as possible for the user.

Reliable: We only choose the most reliable stairlifts on the market for supply and installation. This, together with our high standards in preparation and installation means your stairlift is in the best possible working condition.

Price inclusive: Our prices include delivery, installation, warranty, 24 hour call out and excellent after sales care.
